UPC Code: 07847797348

Country Of Origin: Mexico

Brand Features

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

Item Description

Flexible Rope Eye, Closed Mesh, Single Weave, Light Duty, Pulling Wire Mesh Grip .620 - .740 Cable Dia.Range, Medium Length

Technical Information

Material Specifications

Grip Material: Galvanized Steel

Mechanical Specifications

Duty: Light

Eye Type: Flexible Rope Eye

Mesh Style: Closed

Weave: Single

Mesh Length: 16

Approx. Break Strength: 4,100

Workload Safety Factor (lbs): 820

Cable Range: .620 - .740

Standards and Certifications

Standards and Certifications: CSA

Warranty: 2-Year Limited

Product Features

Device Type: Pulling Grip
