

DuraGard Waterproof Connections
T&B Catalog Number: 9P23U1
UPC Number: 70891720512
Status: Active
Description:

DuraGard Male Plug, 20 Amp, 2 Pole 3 Wire, 125V

Features

	Not just "watertight"; Waterproof for washdown duty (DurORing Sealing) that eliminates the need for costly "weather boots" or "adapters."
	Durable, tough and flame saftey rated housings for superior performance in corrosive environments.
	Safe and reliable power connections: Pin and Sleeve, Voltage Polarized for more power operating cooler and ground pin keyed for voltage polarization (O-ring sealed).
	Easy to wire with "drop-in" rear-loaded interiors using no assembly screws versus 3-5 or more with other connectors.

Application

	For use where electrical connections need protection from water and/or dust entrance to the contacts or the wiring compartment.
	For use with any application where electrical connections need protection from water and/or dust entrance to the contacts or the wiring compartment
	For washdown and light marine applications: watertight/waterproof such as food processing plants, bottling and beverage plants, pulp and paper factories, pharmaceutical manufacturing, barge and workboat applications, and outdoor construction sites.
	For use with computer systems: data center and OEM products such as, raised floor applications, main ower connections and critical power for test, intsrumentation, telephone and medical equipment.
